POP® Soft-Special blind rivets
**POP® Soft-Special** blind rivets

Dome head

**Material**

Sleeve:  
Aluminium AlMg 3/3,5

Mandrel:  
Steel, zinc

* Minimum based on rivet failure

Other types on request.

**Note:**

Mandrel head is bigger than the rivet sleeve diameter!

The pin break function depends on the properties and thickness of the materials to be joined.

The maximum grip range depends on the type and properties of the material to be joined.

A grip range shorter than that indicated may be used depending on the application.
